PCI-SIG is an incorporated association of members of the microcomputer industry set up for the purpose of monitoring and enhancing the development of the Peripheral Component Interconnect (PCI) in three ways. PCI-SIG is chartered to:

- Maintain the forward compatibility of all PCI revisions or addenda.
- Maintain the PCI specifications as simple, easy to implement, stable technology in the spirit of its design.
- Contribute to the establishment of PCI as an industry wide standard and to the technical longevity of the PCI architecture.

Membership in PCI-SIG is open to everyone. Membership gives your company access to a variety of services that will help your company get to market quickly with PCI compliant devices. For a \$4,000 USD annual fee you are entitled to:

1. Receive and distribute PCI product and key contact information
2. Participate in Compliance Workshops (plugfests) to ensure compatibility for your products
3. Contribute to SIG marketing activities at trade shows, press events, etc.
4. Involve your company in SIG technical activities such as Developers Conferences
5. Submit specification revisions and addendum proposals
6. Participate in specification revisions and addendum proposals
7. Automatically receive revisions and addenda
8. Voting Rights to determine the Board of Directors
9. PCI Technical Support
10. PCI Support Documentation and Materials
11. Vendor ID Number Assignment

To become a member of PCI-SIG, please complete:

- ✓ **PCI-SIG Membership Application Form**
- ✓ **Vendor ID Number Request Form**
- ✓ **PCI-SIG Member Questionnaire**

Complete and sign:

- ✓ **PCI-SIG Membership Agreement**

Return completed information with **payment of \$4,000 USD.**

Prospective members of PCI-SIG,

In order to take advantage of PCI-SIG's membership benefits, it is necessary that all members sign the Membership Agreement. As a prospective new member, please sign the Membership Agreement and return it with your \$4,000 USD annual membership dues.

It is important to read the Bylaws carefully and understand what signing the Membership Agreement entails. By signing the Membership Agreement you will be binding your company to abide by the terms and conditions of the Bylaws of PCI-SIG, including conditions regarding confidentiality and the terms for granting of reciprocal patent licenses on any necessary claims your company may have read upon the specifications now, in the past, adopted in the future or supported by PCI-SIG. Your signature on the Membership Agreement represents that you are authorized on behalf of your company and that your company, its affiliates and employees will abide by the terms of the Membership Agreement, including by reference, the Bylaws and rules of PCI-SIG.

With this information, you are cautioned to either obtain explicit corporate authority to bind your company to these terms or to have the Membership Agreement signed by an officer or another person with the authority to bind your company to these terms

If you have any questions regarding the Membership Agreement or the Bylaws of PCI-SIG, you may contact us using the information below. A copy of the Bylaws and other pertinent documents may be obtained at www.pcisig.com.

Warmest regards,

Al Yanes
PCI-SIG President and Chairman of the Board

**PCI-SIG
Membership Agreement**

By the signature of its authorized representative below, Applicant (including its Affiliates as defined in the Bylaws) agrees to be bound by the terms hereof as well as the terms and conditions stated in the Articles of Incorporation and Bylaws ("Organizational Documents") of PCI-SIG, copies of which are available for review at <http://www.pcisig.com>. Applicant is encouraged to review these materials prior to the execution of this Agreement.

No Membership Agreement is binding on PCI-SIG unless accompanied by the \$4,000 USD annual membership fee* and unless accepted in by PCI-SIG. PCI-SIG reserves the right in its sole discretion, to accept or reject any Membership Agreement based upon the membership requirements and restrictions stated in the then current Bylaws. By signing below, the individual executing this Agreement on behalf of Applicant warrants and he or she has all requisite authority to do the same for and on behalf of the entity seeking membership.

Upon acceptance of this Membership Agreement by PCI-SIG, PCI-SIG shall provide Applicant a vendor identification number and, where appropriate at the discretion of PCI-SIG, subsystem identification numbers (collectively "Vendor IDs"). Applicant acknowledges and agrees that said Vendor IDs are licensed to Applicant on an exclusive, non-assignable, non-transferable (except as may be permitted under the Bylaws) basis for use solely with Applicant's products and services, but only so long as Applicant remains a member in good standing of PCI-SIG. Applicant agrees that Applicant will not permit third parties to make use of its Vendor IDs without the express written permission of PCI-SIG, which permission may be denied at PCI-SIG's sole discretion. Applicant further acknowledges and agrees that PCI-SIG has no duty to protect Applicant's exclusive use of said Vendor IDs with the exception that PCI-SIG warrants that it will not assign the same Vendor IDs to two or more current Members in good standing. Applicant hereby agrees that Applicant's violation of the terms of this paragraph shall be grounds for termination of Applicant's membership pursuant to Section 12.9(3) of the Bylaws.

The term of membership shall be on year-to-year basis, expiring on the 365th day from the date of acceptance of this application. PCI-SIG will invoice Members ninety (90) days prior to the expiration of the pending term and a Member's payment thereof shall constitute a renewal of Membership.

The undersigned agrees that all membership fees are non-refundable for any reason, including termination of membership. There is no duty to renew any Membership and renewal may only be accomplished as set forth above.

Facsimile transmissions (including the emailing of scanned documents) of any signed original document, and retransmission of any signed facsimile transmission, shall be the same as delivery of an original. At the request of either party, the parties shall confirm facsimile transmitted signatures by signing an original document.

Vendor ID Number Request Form

For systems based on the PCI specifications to function properly, devices will need to be compliant per the requirements stated in the specifications. In requesting a vendor ID number, the undersigned understands these requirements as stated in the specifications and fully intends to build devices which are compliant with the PCI specifications.

Device ID numbers will be generated by the individual vendors per the conditions indicated in the PCI specifications. Per PCI-SIG Bylaws, an updated list of these vendors and their device ID numbers will be made available to Group members. The Board of Directors is free, with sufficient proof of non-compliance, to remove device ID numbers of non-compliant devices from this list. Certification programs for compliance testing will not be provided by the Group or its Board of Directors.
