

Al Yanes President

Al Yanes has served as president of the PCI-SIG® since 2003 and chairman since 2006 and is a Distinguished Engineer for IBM in the Systems & Technology Division. He has 26 years of experience working with ASIC design in the I/O industry. Yanes holds 25 patents for PCI™ and other I/O technologies.

Yanes is a PCI Express® technology expert for the IBM Rochester office and he is involved in I/O design for IBM's Server products.

Yanes holds a B.S. in computer engineering from Rensselaer Polytechnic Institute.

About PCI-SIG

PCI-SIG is the Special Interest Group that owns and manages PCI specifications as open industry standards. The organization defines and implements new industry standard I/O (Input/Output) specifications as the industry's local I/O needs evolve. The PCI Special Interest Group was formed in 1992 and became a nonprofit corporation, named "PCI-SIG," in the year 2000. Currently, more than 800 industry-leading companies are active PCI-SIG members worldwide. PCI-SIG's current directors are employed by the following PCI-SIG member companies: Agilent, AMD, Dell, HP, IBM, Intel, LSI, NVIDIA and Oracle. For more information about PCI-SIG and its membership benefits, please visit the PCI-SIG website at <http://www.pcisig.com> or contact +1 503-619-0569 (within the United States).
